

Hummingbird Fans – This is for You

Who wouldn't like to see more hummers flock to their yard? Learn about planting to attract pollinators.

Growing Under the Stars with Master Gardeners lecture series continues in October with Pollinators and Butterflies.

Wednesday October 18, 2017 6pm – 7:30pm Pollinators and Butterflies
free class

We have native pollinators in Southern Nevada. Find out who they are, why they are important and how to invite them to your yard. In addition, Master Gardener Ralph Sgamma will teach you what he's learned about inviting butterflies to the garden from the Butterfly Garden he and other Nevada Naturalists developed on the Cooperative Extension Campus.

If you are interested in attending, please use the link below to register or you may register by calling the Master Gardener Hotline at 702.257.5556.
